

## JoAnn Yukimura's Many Friends

### Guidelines for placing JoAnn's signs

- Place signs at strategic locations, such as along main roads and intersections.
- Place signs only on private property, not on public rights-of-way.
- Be sure to secure permission from property owner prior to posting any signs.
- Place signs so they can be easily seen by the most people — usually perpendicular to the road way. Sometimes two one-sided signs are better than one.
- Please remove signs the day after the election and return to signs coordinator John Stem (635-5310) for recycling/re-use.

Mahalo for your *kokua*!
